

Open Arms

Infant Bereavement Support Group

A monthly support group for families who have experienced the loss of a baby during pregnancy, at birth or shortly after birth.

Imagine better health.SM

*Support means we walk with you.
We will not try to change you
or how you feel.
We will simply be here beside you.*

When you attend a meeting you will meet others who have had a similar experience. You need not talk if you don't feel like it. Sometimes listening to the stories and experiences of other people can be helpful. Open Arms is a casual and informal group.
